

2024 NanoInFocus Image Contest – Image Release Consent Form for a Minor

I, _____, parent/guardian of _____, hereby voluntarily and without compensation grant permission to the National Nanotechnology Coordination Office (NNCO), the NSF-funded UC San Diego Materials Research Science and Engineering Center (UCSD MRSEC), and the American Chemical Society (ACS) for full use, without restriction of any kind, of the image submitted by my child for the 2024 NanoInFocus image contest, for any publication, presentation, exhibit, or other print or digital format.

The image is free of copyright, which means that anyone can use it, in whole or in part, without notifying NNCO, UCSD MRSEC, and/or ACS. Because the content will be available on the internet and other media platforms, it could potentially be viewed and downloaded by people around the world, instantly and without NNCO, UCSD MRSEC, and/or ACS's knowledge. I am aware that if used, the image will be in the public domain and may appear on video, web, or printed media.

I understand that for the use of the image submitted by my child in print, online, or any other format, I will receive no financial compensation or payment of any kind from the United States Government or from any agency of the Government.

I acknowledge that I have read this consent form, fully understand it, and acknowledge that I am signing it freely and voluntarily.
