

2016 National Nanotechnology Initiative (NNI) Strategic Planning Stakeholder Workshop

May 19-20, 2016

SCOPE

The goal of this workshop is to obtain input from stakeholders – both those new to nanoscale science, engineering, and technology and those already familiar with these fields and with the NNI – regarding the vision for the second era of the National Nanotechnology Initiative, known as NNI 2.0. Participants will be invited to comment on key aspects of the 2016 NNI Strategic Plan. Topics covered may include future technical directions, implementation mechanisms, education and outreach activities, and approaches for promoting commercialization.
